

**§ 2520.104b-30 Charges for documents.**

(a) *Application.* The plan administrator of an employee benefit plan may impose a reasonable charge to cover the cost of furnishing to participants and beneficiaries upon their written request as required under section 104(b)(4) of the Act, copies of the following information, statements or documents: The latest updated summary plan description, and the latest annual report, any terminal report, the bargaining agreement, trust agreement, contract, or other instruments under which the plan is established or operated. No charge may be assessed for furnishing information, statements or documents as required by other provisions of the Act, which include, in part 1 of title I, sections 104(b)(1), (2), (3) and (c) and 105(a) and (c).

(b) *Reasonableness.* The charge assessed by the plan administrator to cover the costs of furnishing documents is reasonable if it is equal to the actual cost per page to the plan for the least expensive means of acceptable reproduction, but in no event may such charge exceed 25 cents per page. For example, if a plan printed a large number of pamphlets at \$1.00 per 50-page pamphlet, the actual cost of reproduction for the entire pamphlet (\$1.00) would be equal to 2 cents per page. If only one page of such a pamphlet were requested, the actual cost of providing that page from the printed copy would be \$1.00, since the copy would no longer be complete. In such a case, the least expensive means of acceptable reproduction would be individually reproducing the page requested at a charge of no more than 25 cents. On the other hand, if six pages of the same plan document were requested and each page cost 20 cents to be reproduced, the actual cost of providing those pages would be \$1.20. In such a case, if a printed copy is available, the least expensive means of acceptable reproduction would be to use pages from the printed copy at a charge of no more than \$1.00. No other charge for furnishing documents, such as handling or postage charges, will be deemed reasonable. The plan administrator shall provide information to a plan participant or beneficiary, upon request, about the charge that would be made

to provide a copy of material described in this paragraph.

**Subpart G—Recordkeeping Requirements**

**§ 2520.107-1 Use of electronic media for maintenance and retention of records.**

(a) *Scope and purpose.* Sections 107 and 209 of the Employee Retirement Income Security Act of 1974, as amended (ERISA), contain certain requirements relating to the maintenance of records for reporting and disclosure purposes and for determining the pension benefits to which participants and beneficiaries are or may become entitled. This section provides standards applicable to both pension and welfare plans concerning the use of electronic media for the maintenance and retention of records required to be kept under sections 107 and 209 of ERISA.

(b) *General requirements.* The record maintenance and retention requirements of sections 107 and 209 of ERISA are satisfied when using electronic media if:

(1) The electronic recordkeeping system has reasonable controls to ensure the integrity, accuracy, authenticity and reliability of the records kept in electronic form;

(2) The electronic records are maintained in reasonable order and in a safe and accessible place, and in such manner as they may be readily inspected or examined (for example, the recordkeeping system should be capable of indexing, retaining, preserving, retrieving and reproducing the electronic records);

(3) The electronic records are readily convertible into legible and readable paper copy as may be needed to satisfy reporting and disclosure requirements or any other obligation under Title I of ERISA;

(4) The electronic recordkeeping system is not subject, in whole or in part, to any agreement or restriction that would, directly or indirectly, compromise or limit a person's ability to comply with any reporting and disclosure requirement or any other obligation under Title I of ERISA; and
